- Economy boxes use self tapping screws.
- Battery Doors options available.
- Material: Flame retardant Black or Grey ABS or Economy Plastic.

For detailed drawings, CAD files and colour photos visit www.hammondmfg.com

Fire Retardant UL94V0 ABS version

The FRABS boxes are assembled with M3 x 10mm machine screws and integral brass inserts.

Economy Plastic version

Same features as for the ABS version but moulded in economical plastic. Perfect where economy is important and where repetitive assembly and disassembly is not vital. These boxes use #4 x 5/8" self tapping screws for assembly.
